

CreatiNium™

HIGH PURITY CREATINE BY NUBIOS

THE CLEANEST FORM OF POWER

Precision fuel. Pharma-grade creatine. Clear performance.

CreatiNium™ is formulated for **next-gen sports nutrition**, a creatine monohydrate developed by NUBios, designed for brands that demand **purity, performance, and clean formulation**. Unlike conventional creatines, CreatiNium™ delivers *ultra-high solubility, zero grit, and no black specks* — just science-backed strength and cognitive support.

Made with USP pharmaceutical-grade standards ($\geq 99.9\%$ purity), it dissolves instantly even in cold water and performs exceptionally in humid environments. Ideal for innovative sports and functional nutrition brands focused on reliability, transparency, and label integrity.

KEY BENEFITS

- 1 Ultra Pure & Safe:** Monohydrate creatine $\geq 99.9\%$, USP grade, **free from impurities**.
- 2 Proven Performance:** Backed by science for increased strength, power, recovery, and brain health.
- 3 Formulation Versatility:** Designed for powders, capsules, gummies, bars, and RTU formats.
- 4 Advanced Solubility: No clumps or residues** — dissolves easily even in cold or humid conditions.
- 5 Vegan & Allergen-Free:** Free from gluten, soy, lactose, sugar, and major allergens.
- 6 Neutral Sensory Impact: No off-flavors or aftertaste** — blends seamlessly with any base.
